Co-op Option:

The co-operative education (co-op) option within Forest Bioeconomy Sciences and Technology is a highly competitive program which increases your chances of working in your chosen field. As a co-op student you gain up to 20 months of paid, relevant and invaluable work experience while earning an average of \$60,000 during your work terms.

Co-op students will extend their degree by one year, completing eight academic terms and five work terms over a five-year period. Below is the standard Natural Resources Conservation program map for those in co-op:

	Term 1 Sep – Dec	Term 2 Jan – Apr	Summer May – Aug
Year 1	Basic Sciences, English, Math, Economics, and Sociology		Summer
Year 2	Forest Biology and Ecology, Intro to Environmental Science, Intro to Bioeconomy and Computer Applications.		Co-op 1 (Junior)
Year 3	Bioproducts, Bioenergy, Bioeconomy technology and Conservation Economics		Co-op 2 (Intermediate)
Year 4	Integrated Field Course	Co-op 3 (Intermediate)	Co-op 4 (Intermediate)
Year 5	Co-op 5 (Senior)	Conservation policy, remote sensing and fisheries management	

Good to know:

- Undergraduate students must apply to co-op in September of their second year
- You should acquire a driver's license if you do not already have one
- Work in British Columbia, across Canada and around the world
- Be supported by our Co-op Coordinators every step of the way

To learn more about the Co-op Program and how you can apply, contact the Forest Bioeconomy Sciences and Technology Co-op Coordinator:

How to successfully complete first year:

1. You must follow your program closely – take the appropriate classes outlined for your degree. The most up-to-date program requirements are always listed on the UBC Calendar at www.students.ubc.ca/calendar (click on 'Faculties, Colleges, and Schools' and then on 'Forestry').
2. You must pass at least 60% of the total number of credits attempted in both Terms 1 and 2 (summer classes are not included).
3. You must also obtain an average grade of at least 60% in both Terms 1 and 2, including any failed courses (summer classes are not included). If your average for Terms 1 and 2 is at least 55%, but less than 60%, you will be placed on academic probation and will be sent a letter outlining additional steps you must take in order to remain in your program. If you do not meet the criteria noted above, you will be asked to leave UBC for at least one year. Following this probationary period, you may re-apply to UBC but you must complete at least 12 credits at a college during your time away.
